

## ***RAVENOL Active Foam Cleaner Spray***

**0,5 l**

Հոդված:

**1360036-500**

**RAVENOL Active Foam Cleaner** is an active foam cleansing spray with excellent moistening and cleansing properties, which delivers economical, rapid and streak-free cleansing.

**RAVENOL Active Foam Cleaner** Universal cleaning foam to quickly clean all of your vehicle's surfaces i.e. the bodywork or racing chassis and glass surfaces.

**RAVENOL Active Foam Cleaner** is excellently suited to cleaning helmets and helmet visors, motorcycle body work and vehicle windscreens as well as for smooth surfaces such as mirrors, glass panes etc.

**RAVENOL Active Foam Cleaner** is used in professional motorsport all around the world and for cleaning during pitstops.

### **Application Note**

Shake **RAVENOL Active Foam Cleaner** prior to use.

Spray the surface to be treated with **RAVENOL Active Foam Cleaner** and allow the active foam to take effect briefly.

Wipe over the surface using a lint-free cloth, paper towel or microfibre cloth.

We recommend using our RAVENOL cleansing cloths which come in a practical roll.

Note: Do not use on hot surfaces or in direct sunlight.

### **Characteristics**

- Streak-free cleaning thanks to specialist surfactants for optimal visibility even in adverse conditions
- Good dissolving properties to clean dirt from road dust and insects
- Dissolves residues of nicotine and silicone

- Very good penetrating characteristics in order to reliably reach places which are difficult to reach.
- Economical application
- Material conservation
- Good compatibility with materials also compared with paints, rubbers and plastics
- Contains solvents
